PROFILE SUMMARY

Aspiring web technologies including HTML, CSS, JavaScript, and Bootstrap, and foundational knowledge in Azure cloud computing. Proficient in using Git and GitHub for version control and collaboration. Dedicated to designing, building, and testing web-based applications while ensuring seamless integration of site components. Adept at documenting technical designs, researching updated content, and enhancing user experiences. Committed to continuous learning and contributing to dynamic web development projects.

EDUCATION

B V Raju Institute of Technology, Narsapur.
Electronic and communication Engineering

2019 - 2023
Percentage: 73.5%

INTERNSHIP

Magic Bus Foundation |Accenture

Mar 2024 - May 2024

- Understand different types of cloud services (IaaS, PaaS, SaaS).
- Assist in understanding and managing Azure pricing models and cost management strategies.
- Participate in hands-on labs and tutorials to gain practical experience with Azure services.
- Support in deploying, managing, and monitoring virtual machines and other Azure resources.
- Help in configuring and managing Azure Active Directory (Azure AD).
- Assist in implementing and managing role-based access control (RBAC).
- Good Understand with IaaS services like VM's (Virtual Machines), Load Balancer, Storage
- Good understanding of VM shapes and sizes.

TECHNICAL SKILLS

- **Programming language:** Python (version_3.2)
- **Web Technologies:** Html, CSS, JavaScript, Bootstrap
- **Database:** SQL, MySQL
- **Cloud Computing:** Azure Fundamentals
- **Developer Tools:** Git & GitHub

PROJECTS

- **Agricultural product supply chain management using block chain technology | Python, Html, CSS, JavaScript, MySQL**
 - Tracks crops from farm to table, ensuring transparency and quality.
 - Verifies the authenticity and safety of agricultural products.
 - Provides clear information about food origins and handling.
 - Enables real-time monitoring for better food safety compliance.
 - Builds trust and accountability across the supply chain.
- **Web Design & Development Courses | Html, CSS, JavaScript**
 - Learn to create responsive and user-friendly websites.
 - Gain skills in both front-end and back-end development.
 - Build websites from scratch through practical projects.
 - Master the latest web development tools and techniques.
 - Develop proficiency in designing modern, functional websites.

CERTIFICATIONS

- Azure Fundamentals |Microsoft
- Python For Everyone | Coursera
- Future skills Prime | Microsoft

SOFT SKILLS

Empathetic listening, Communication skills, Presentation skills, Time Management

PUBLICATION

I have presented paper at 5th international Conference on ICIRCA sponsored by IEEE.

ACHIEVEMENTS

I won in Hacker Rank 3-Star Rating in coding proficiency and problem-solving skills across domain Python programming.
